A commitment to care

For over 50 years, Novartis has been a leader in neurology care. Our neuroscience products have touched the lives of millions of patients worldwide. In dementia care, we continually strive to translate scientific innovation into therapies and technologies that matter.

Together our goal is to help patients with dementia live with the dignity they deserve.

Welcome Letter

Jacob Roy Kuriakose

Chairman, Alzheimer's Disease International

Dear friends and colleagues,

It is my proud privilege to welcome you all to the 28th International Conference of Alzheimer's Disease International (ADI), hosted alongside TADA Chinese Taipei. The theme of this conference, *Dementia: Action for Global Change*, aptly puts the focus on this growing international challenge we are facing and the need for greater awareness and improvements in health policy. The conference organising committee has been working hard for some time to bring together a magnificent conference.

It is with great pleasure that this year we are able to feature sessions in Mandarin for the first time at ADI's International Conference. I am also delighted that key government officials will be speaking at the conference.

During the conference we will be presenting the third ADI Award to Rt.Hon. Mark Butler, Australia's Minister for Mental Health and Ageing, and CCTV, the national television company of China, for their outstanding contribution to improving national health policy to incorporate dementia and to raising awareness. The winners of the first ADI-MetLife Awards for best dementia care education projects will also be announced.

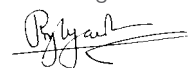

Taipei is a beautiful city, combining the modern with the traditional. There are many attractions, including the tower, Taipei 101, where we will host the conference dinner on Friday evening and we hope to see many of you there.

I would like to thank the TADA staff, particularly the Local Organising Committee Chair Ming-Jang Chiu and TADA Secretary General Li-Yu Tang, for their remarkable efforts in helping us to organise this event. Their dedication, commitment and team work are truly admirable.

I sincerely hope that this conference will lead to greater things in the field of dementia both in Taipei and around the world.

I am sure you will find this conference both enjoyable and valuable with lots of opportunities to expand your networks and gather new information which will help in your work to improve the lives of people with dementia and their families.

With all good wishes,

Jacob Roy Kuriakose
Chairman, Alzheimer's Disease International

Jacob Roy Kuriakose

國際失智症協會主席

親愛的朋友和夥伴：

在此我非常榮幸地歡迎大家一起參與由「國際失智症協會」與「台灣失智症協會」聯合舉辦的第28屆國際失智症協會國際研討會。

本次會議的主軸為「失智症：迎接全球的挑戰」，面對此不斷擴增的國際性議題挑戰我們需要投入更多的關注並改善相關健康政策。這一段時間，大會籌備委員們皆全力以赴締造此難得之盛會。

令人欣喜的是今年國際大會我們首度舉辦華語場次，我也十分高興台灣重要政府部門也將蒞臨致詞。

會議期間我們將頒贈第三屆 ADI Award獎座予澳洲老年及心理衛生部部長Rt.Hon. Mark Butler，以及中國國家電視公司(央視)，表揚他們推動將失智症納入國民健康政策上之傑出貢獻，並提昇大眾對失智症的認識。此外，會議上也將公佈傑出失智症照護教育專案第一位ADI-MetLife獎得主。

台北是一個綜合了現代與傳統的美麗城市。有許多特色景點，包括台北地標101大樓，我們將於4月19日(星期五)晚間在86樓舉辦大會晚宴，屆時希望大家一同共襄盛舉。

我在此也要感謝台灣失智症協會的所有工作同仁，特別是當地籌備委員會主席邱銘章先生，及台灣失智症協會湯麗玉秘書長，他們全力以赴與我們共同籌備此大會，如此無私的奉獻、投入及團隊合作精神，令人欽佩。

我衷心希望藉由此大會議，讓失智症相關領域之工作在台北及全世界有更大之迴響。

相信您將發現此次會議是愉快且充滿機會的，無論是在擴展您的社交網絡，或是蒐集到更多有關失智症新的資訊，都將有助您提升失智者及其家庭之生活品質的工作。

獻上所有的祝福

國際失智症協會主席

Welcome Letter

Ming-Jang Chiu

President, Taiwan Alzheimer's Disease Association

Dear friends and colleagues,

I would like to bid everyone attending the 28th International Conference of Alzheimer's Disease International (ADI) in Taipei a very warm welcome. My colleagues and I are thrilled to be hosting this exciting event since this is the first global conference for dementia in Taiwan.

On the other hand, we have just celebrated the 10th anniversary of our association last year and our association has been a formal member of ADI for only 7 years. Though a young member, we dared to bid for the conference to be in Taipei on the basis that we are among the most rapidly aging countries of the world and we have no time to lose. In alliance with all members of ADI around the world we must take **ACTION FOR GLOBAL CHANGE** against the imminent threat of dementia.

Dementia is a complex illness that has serious personal impact and social costs. Therefore, in this conference we have prepared a comprehensive program, providing new fronts and debates about prevention, diagnosis, both pharmacological and non-pharmacological treatments of dementia, cutting-edge concepts about caring and support for people living with dementia and their carers. We also bring forward enthusiastic policy discussions about necessary future actions to be taken from a domestic perspective and the World Health Organization (WHO) global vision.

I am very pleased that in this conference we have people living with dementia to tell the world, with their own words and performance about what can be done to empower them to lead a life that is enriched and with dignity. I am delighted that we have arranged social programs that enable participants to enjoy fine cuisine and fascinating culture at the same time.

The conference would not be successful without the veteran guidance from ADI and many warm supporters from overseas and domestically; and also the substantial financial as well as administrative assistance from our government. TADA wish to express our sincere thanks. Most of all thank you for joining us. Please enjoy the conference and Taipei.

Ming-Jang Chiu
Conference Chair,
Taiwan Alzheimer's Disease Association

邱銘章

社團法人台灣失智症協會理事長

親愛的朋友們，

本人僅代表台灣失智症協會熱烈歡迎各位參加第二十八屆國際失智症協會國際研討會。台灣失智症協會很榮幸可以主辦此次令人興奮的活動，因為這是在台灣，同時也是在華人世界的首次全球性的失智症研討會。

台灣失智症協會於去年慶祝十週年，成為ADI正式會員也才七年而已。做為一個年輕的會員，我們竟敢爭取主辦此大會，主要因為我們是全球老化最快的國家，不能再等了。我們必須結合全球ADI會員們的力量，一起採取行動克服未來全球失智症的挑戰。

失智症是一個複雜的疾病，嚴重衝擊個人及社會等多元層面。因此大會安排了完整的議題，有前瞻性的防治辯論、失智症的藥物及非藥物治療、以及對失智者及照顧的支持，更進一步從台灣、各國及世界衛生組織探討失智症的國家政策及未來行動方案。

很高興在此大會中，我們有失智者本人現身說法，分享他們的經驗，以及如何讓他們更自主且有尊嚴地生活。同時，很高興大會安排了許多節目讓與會者可開心享受美食與台灣文化。

沒有國際失智症協會的引導、來自國際及台灣政府及民間的經費支持及各方協助，這大會不可能成功。台灣失智症協會在此表達最誠摯的感謝！同時也感謝每位與會者的蒞臨參與，希望每一位都能享受大會及台灣的一切。

邱銘章
大會主席
社團法人台灣失智症協會

Welcome Letter

Jiang Yi-huah

Premier, Republic of China (Taiwan)

Greeting from the Premier

To our distinguished guests:

Welcome! Thank you all for coming to Taiwan for the 28th International Conference of Alzheimer's Disease International (ADI). I am grateful to ADI for giving Taiwan the honor of organizing this important event and the Taiwan Alzheimer's Disease Association for sparing no effort to host it.

Alzheimer's is a major health issue everywhere in the world, and it is the main reason some 1,500 people from over 70 countries are in attendance, including researchers, experts, family members, as well as representatives of Alzheimer's associations. This conference is a valuable opportunity for exchange and dialogue, and the latest innovations in policy, research, and practical care will all be discussed here in the coming days.

The government of the Republic of China has strengthened Alzheimer's prevention, treatment and care in Taiwan in recent years. It has cooperated with private organizations to develop a diversified, humanistic care model that provides a positive environment and helps people with dementia and those who care for them to lead quality lives. I owe special thanks to Alzheimer's Disease International, Taiwan Alzheimer's Disease Association and many groups which have done so much to raise awareness and develop the needed services.

I look forward to seeing all nations, hand in hand, work to reduce and treat this condition. May people with dementia and their loved ones never lose hope, and may they instead look forward to a bright and hopeful future together.

Thank you again for coming. I wish everyone a successful and fruitful conference.

Jiang Yi-huah

Premier

Republic of China (Taiwan)

江宜樺

臺灣行政院院長

第28屆國際失智症協會國際研討會
行政院院長歡迎信

各位貴賓：

首先，竭誠地歡迎各位嘉賓蒞臨臺灣，參與「第28屆國際失智症協會國際研討會」。

國際失智症協會國際研討會一向是重要國際盛會，感謝「國際失智症協會」及理事會讓臺灣有此榮幸主辦本次研討會。失智症是世界各國共同的重要健康議題，本次研討會邀請來自全球超過70個國家共約1,500名失智症協會代表、專家學者及失智症家屬等，討論主題涵括失智症相關政策、學術研究及實務工作等各種層面，藉此將更助於世界各國交流寶貴經驗及提出建言。

中華民國政府近年來加強推動失智症防治與照護工作，並與民間團體合作發展多元、人性化的照護模式，以提升失智者及其照顧者生活品質，並為失智症病友打造友善生活環境。在此，特別感謝許多民間團體在投入失智症服務發展之用心付出，以及社團法人台灣失智症協會在爭取舉辦本次活動不遺餘力。也期盼在各國攜手共同努力下，逐步減少全球失智症的發生，並使失智者與其家庭不失志，共譜精彩的生命樂章。

最後，感謝各位蒞臨，並預祝大會圓滿成功！

行政院院長

敬啟

2013年4月

Welcome Letter

Taipei City Government

*Lung-Bin Hau, Ph.D.
Mayor*

Office of the Mayor

Taipei, Taiwan, Republic of China

臺北市市長 郝龍斌

Dear Honored Guests:

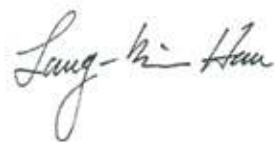

Welcome to Taipei! On behalf of the Taipei City Government and the city's 2.67 million citizens, I would like to extend our warmest welcome to the delegates and participants of the 28th International Conference of Alzheimer's Disease International.

Allow me to express our utmost appreciation to the Taiwan Alzheimer's Disease Association for their dedicated efforts in ensuring the success of this global gathering. This conference will serve as a platform for constructive exchanges of experience and expertise in issues confronting Alzheimer's Disease. I am confident that this event will be stimulating for all.

Other than conference activities, please also take advantage of your stay in Taipei to explore this beautiful and vibrant city. Taipei has become a dynamo of progressiveness and a regional symbol of prosperity. The Taipei 101 skyscraper is an iconic structure and a popular destination frequented by residents and tourists alike. This awe-inspiring architectural masterpiece is beautifully complemented by the vaulted National Palace Museum, plush 24-hour bookstores, and a wide array of sweet and savory delicacies at vendor stalls and fine restaurants relished by many.

As host city and sponsor of the 28th International Conference of Alzheimer's Disease International, we wish you a wonderful and successful conference, and hope that you bring home the most beautiful memories.

Sincerely yours,

Dr. Lung-Bin Hau
Mayor of Taipei

The Quest Continues

Building on a century of pioneering Tau research

TauRx: Actioning global change by halting the progression of Alzheimer's and Frontotemporal Dementia

1907:
Dr. Alois Alzheimer
presents discovery of neurofibrillary tangles in a patient.

1968:
Sir Martin Roth
correlates the formation of tangles with Alzheimer's dementia.

1988:
Prof. Claude Wischik
and colleagues discover that the tangles are composed of tau protein and strive to develop a treatment to 'Strangle the Tangle.'

NOW:
TauRx initiates global Phase 3 clinical trials in Alzheimer's and FTD.

- **Our mission is to discover, develop and commercialize innovative products for the diagnosis, treatment and cure of neurodegenerative diseases caused through protein aggregation.**
- **Science and innovation are more than our business. They are our guiding principles.** Our lead investigational product, LMTX™ - a tau aggregation inhibitor - has entered Phase 3 clinical trials in Alzheimer's Disease and Frontotemporal Dementia (FTD). These studies are now actively recruiting and involve over 1,500 patients in 20 countries worldwide.

About ADI and TADA

Alzheimer's Disease International

About Alzheimer's Disease International

Alzheimer's Disease International (ADI) is the international federation of over 75 national Alzheimer associations around the world. Each of ADI's members is a non-profit Alzheimer association supporting people with dementia and their families.

ADI was founded in 1984 and is in official relations with the World Health Organization (WHO) and the United Nations (UN).

ADI aims to help establish and strengthen Alzheimer associations across the globe, through the exchange of information, skills and models of best practice in order to improve the lives of people with dementia and their carers worldwide. ADI also works to raise global awareness and campaigns for Alzheimer's disease and all other causes of dementia to be a national and global health priority.

Facts and Figures

- There were 36 million people living with dementia worldwide in 2010. This number will almost double every 20 years and by 2050 there will be 115 million people living with dementia
- Nearly two-thirds of people with dementia live in low and middle income countries
- There is one new case of dementia every 4 seconds
- The estimated cost of dementia in 2010 was US\$604 billion. This is 1% of global GDP
- If dementia care were a country, it would be the world's 18th largest economy, ranking between Turkey and Indonesia

About Taiwan Alzheimer's Disease Association

Taiwan Alzheimer's Disease Association (TADA) was established on 15 September 2002 and became a full member of ADI in 2005. The visions of TADA are a better life for people with dementia and caregivers, and create a world without dementia.

By working hand-in-hand with people with dementia, their carers, professionals, organisations, media, and government representatives, TADA has accomplished the following tasks:

Achievements and Activities

Raising public and professional awareness

- Coordinating a national campaign during World Alzheimer's Month every year
- Organising professional training, workshops and an annual national conference
- Facilitating the development of dementia friendly communities

Developing services

- Dementia Social Support Center: toll-free helpline, online counselling, web-based social resources network, intervention for high risk families
- School of Wisdom: activity programmes for people with mild dementia, like reminiscence therapy, cognitive stimulation group, art therapy, music therapy, exercise group and choir
- Family of Wisdom: the second home of people with dementia and their carers, an innovative service for people with dementia and their carers with functions of respite, activity and support

Policy and advocacy

- Advocating for subsidy of assistive technology for people with dementia
- Translating the Traditional Chinese version of ADI's World Alzheimer Reports
- Advocating on national dementia policy

Research

- Completed a nation-wide survey on dementia prevalence in long-term care facilities
- Conducting an epidemiological study of dementia in Taiwan

30th International Conference of Alzheimer's Disease International

**15 – 18
April 2015
Perth,
Australia**

www.adi2015.org

General Information

Registration Desk

The registration desk will be located in the main entrance of the Taipei International Convention Centre (TICC) and will be open during the following times:

Date	Open	Closes
Wednesday 17 April 2013 (groups only)	14:00	18:00
Thursday 18 April 2013	08:00	19:30
Friday 19 April 2013	07:30	18:00
Saturday 20 April 2013	07:30	18:00

In addition to registering for the conference and collecting your badges, please visit the registration desk for information on your accommodation and information on local amenities.

Conference Badges

Once collected, please ensure you wear your badge at all times during the conference.

Presenting

Speaker Preview (Room 202 A, Level 2)

Presenters should take their final presentation to the Speaker Preview Room no later than 4 hours prior to their scheduled presentation. The Speaker Preview Room will be staffed with technicians that can assist with any compatibility or formatting issues.

Date	Open	Closes
Thursday 18 April 2013	08:30	17:30
Friday 19 April 2013	08:30	17:30
Saturday 20 April 2013	08:30	17:30

Abstracts

Abstracts are available as a file on the USB stick distributed within your delegate bag. Delegates who are unable to use the USB stick during the conference can visit the registration desk where there will be a printed version available. They are also available to download from the ADI 2013 conference website at www.adi2013.org.

Certificates of Attendance

General certificates of attendance are distributed within your delegate bag. If you misplace your certificate please contact the conference secretariat post conference at adi2013@mci-group.com.

Get Involved

There are a number of ways you can get involved with the Conference in Taipei this year: Why not 'Like' our page on Facebook to keep up to date with the latest news and share your experiences with your fellow attendees.

www.facebook.com/alzheimersdiseaseinternational

You can also 'Tweet' us @AlzDisInt on Twitter with any comments or questions, use the #ADI2013 to join the conversation!

Continuing Medical Education Accreditation

We are pleased to confirm that the ADI 2013 conference has been approved for CME accreditation from the following bodies:

EACCME International CME provider: 15 credits

Taiwan Long-Term Care Professional Association: attendance of 9 hours

Taiwan Society of Geriatric Psychiatry: 15 credits

Taiwan Medical Association: 9 credits

Taiwan Dementia Society: 8 credits

Taiwan Dental Association: 7.8 credits

Please make sure to go to the Registration Desk at the beginning of each day to register for the appropriate credits.

ADI Council Meeting

The ADI Council Meeting will take place at the TICC between 09:00 – 12:30 on Thursday 18 April 2013 in Room 401, Level 4

Press Office

The press office will be located in Room 203 B and will be open during the following times:

Date	Open	Closes
Thursday 18 April 2013	08:30	17:30
Friday 19 April 2013	08:30	17:30
Saturday 20 April 2013	08:30	17:30

Delegate List

A provisional delegate list will be available to view from the registration desk.

Language

The official language of this conference will be English. Simultaneous translation will be provided in the main plenary session hall and Room 201 DEF. Mandarin parallel sessions 19 and 24 will take place on Saturday 20 April 2013. Please see page 34 for the programme.

Evaluation

From Friday 19 April delegates will receive an email including a link to the on-line survey. To help us improve our services we would be most grateful if you could complete the survey by Friday 3 May.

One person will be selected at random to win a free registration to ADI 2014 in Puerto Rico.

Message Board

A message board will be available next to the registration area on which organisers and delegates can leave updates or messages. Please do not post any advertising, as it will be removed.

Emergencies

If you need to contact the organisers outside of the registration desk opening hours please call +44 (0) 7841 102 491.

General Information

Welcome Meeting

To welcome delegates with dementia and their accompanying person, we will be holding an informal welcome meeting in Room 103 at 12:30 on Thursday 18 April. This will provide people with the opportunity to get to know one another before the conference starts and be provided with supporting information.

Room for People with Dementia

A quiet room for people with dementia and their accompanying person will be available in Room 103 to meet and relax in peace. The room will be open at the times below and will serve teas and coffees throughout the day, with light refreshments during the breaks.

Date	Open	Closes
Thursday 18 April 2013	09:00	19:30
Friday 19 April 2013	08:30	17:30
Saturday 20 April 2013	08:30	18:00

ADI Awards

The ADI-MetLife Foundation Awards for Best Dementia Care Education Project aims to recognise the success of projects around the world that promote better dementia care through providing training and education programmes. Awards have been given for projects that have contributed to the education of the general public, health care professionals or family members in three regions, The Americas, Europe, the Middle East and Africa and Asia Pacific.

These awards will be announced and presented during the conference dinner on Friday 19 April.

Alzheimer's Research & Therapy's 'Meet the Editor' session

Professor Bengt Winblad (Karolinska Institute) is hosting a special 'Meet the Editor' session with the open access journal Alzheimer's Research & Therapy. As an Editorial Board member of the journal and Chairman of the ADI Medical and Scientific Panel, Bengt Winblad will be discussing Alzheimer's Research & Therapy and open access publishing, and their roles within the research community.

Who should attend? From patients, to carers, to researchers, we look forward to meeting with you to discuss your views on open access publishing and inform you about the scope, content and editorial procedures of the journal Alzheimer's Research & Therapy.

This will take place on Friday 19 April at 12:30 in Room 101 (Exhibition Hall)

Tours

Taipei City Tour - Thursday 18 April, 09:00

The National Chiang Kai-shek Memorial Hall is a famous monument erected in memory of Chiang, former President of the Republic of China. The monument, surrounded by a park, stands at the east end of the Gate of Great Centrality and Perfect Uprightness. The structure is framed on the north and south by the National Theatre and National Concert Hall. The entire plaza is located within sight of the Presidential Office building.

NT\$300

Taipei Bazaar and Foot Massage Tour - Thursday 18 April, 18:30

The Shihlin Night Market is the most famous Taipei bazaar and will let you experience the delicacies of Taiwanese traditional snacks. The Foot Massage Center has the largest team of licensed foot massage therapists, they provide the best service and soothe your body through shoulder and foot reflex point massage.

NT\$850

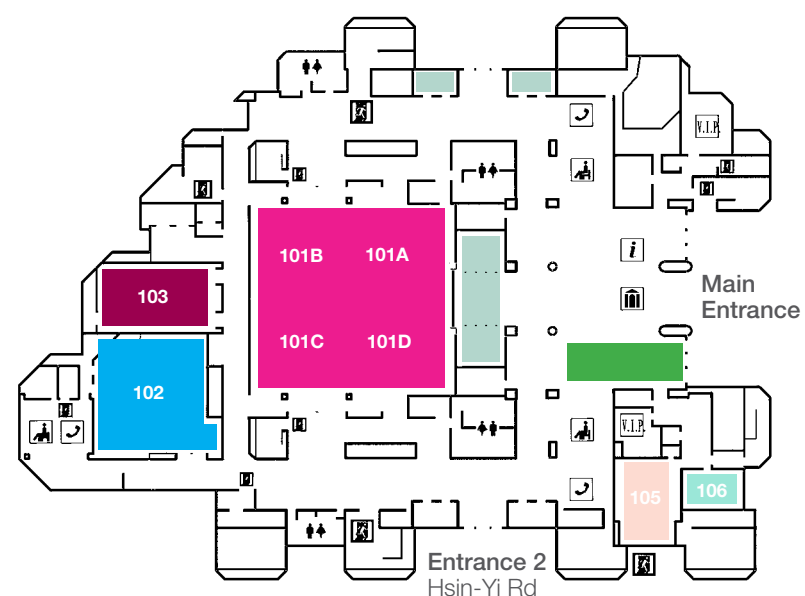

We give first thought to patients and their families,
and to increasing the benefits health care provides

Social Events and Activities

Opening Ceremony

The ADI 2013 Opening Ceremony will take place on Thursday 18 April between 13:30 – 14:30 in the Plenary Hall, Level 3 of the TICC.

Welcome Reception

Following the afternoon plenary sessions on Thursday 18 April, there will be a Welcome Reception in Room 101 of the TICC from 18:00 – 19:30. The Welcome Reception will give delegates the chance to network with other participants and exhibitors. Light refreshments will be served during the reception.

Conference Dinner

The ADI 2013 Conference Dinner will be held at the spectacular Ding Xian, Taipei 101 on the 86th floor on Friday 19 April between 19:00 – 23:00. Taipei 101 is the second tallest building in the world and consists of offices, shopping malls and fine restaurants boasting fantastic views of Taipei.

Tickets for this event are limited and can be purchased for US\$80.00 at the registration desk on Level 1. Tickets will include dinner, drinks and evening entertainment. Upon arrival at Taipei 101 you will be asked to present your ticket to a member of staff so please remember to bring it with you.

International Memory Walk

Thank you to all those who have registered to take part in the International Memory Walk at Taipei City Hall Square on Saturday 20 April from 07:00 – 09:00.

This is a free activity but places are very limited and you must be registered in advance.

Register for the International Memory Walk:

Keynote Speaker Biographies

Daisy Acosta

Daisy Acosta is a medical doctor and graduated in Santo Domingo, Dominican Republic at Universidad Nacional Pedro Henriquez Ureña (UNPHU), she specialised in general psychiatry with a further qualification in geriatric psychiatry. She is certified by the American Board of Psychiatry and Neurology and has a qualification in geriatric psychiatry and forensic medicine.

Dr Acosta has dedicated her professional life to the study of Alzheimer's Disease. She has a large clinical practice in the Dominican Republic, where she is very well known for her dedication to the care and treatment of people with dementia.

She is co-founder of The "Asociacion Dominicana de Alzheimer", (ADA) and is the author of several scientific articles published in national and international journals and co-author of several books on dementia in the Latin American region. She is the principal investigator of the 10/66 Dementia Research Group in the Dominican Republic, and is in charge of organising and teaching at the psycho geriatric unit at Universidad Nacional Pedro Henriquez Ureña, (UNPHU).

She is past chairperson of Alzheimer's Disease International, (ADI), and now Honorary Vice-president of ADI.

Cary Adams

Born in London, Cary Adams has a BSc Honours degree in Economics, Computing and Statistics from the University of Bath, United Kingdom and a Master's degree (with Distinction) in Business Administration. He is a Harvard Business School Alumni having attended the School's Executive General Management programme in 2003.

In 2009, Cary made a career change, moving from the management of international businesses in the banking sector to become CEO of the Union for International Cancer Control (UICC), based in Geneva.

UICC exists to help the global health community accelerate the fight against cancer and its growing membership of over 700 organisations in 155 countries features the world's major cancer societies, ministries of health and patient groups and includes influential policy makers, researchers and experts in cancer prevention and control.

Cary and his team focus on global advocacy to deliver the World Cancer Declaration targets by 2020, running significant global programmes that address key cancer issues and use their membership reach to bring about the exchange of best practice globally.

Emiliano Albanese

Emiliano Albanese (M.D., Ph.D.) is a cognitive epidemiologist, a licensed public health physician and he holds a PhD in clinical neuropsychology and an MSc in public health nutrition. He is currently based at the National Institute on Aging. His research focuses on development of design and analytical methods to conduct innovative epidemiologic research on the lifelong associations of vascular and psychosocial factors with dementia and brain aging. He is also part of the 10/66 Dementia Research Group and has conducted several cross-cultural studies on nutrition, body composition and dementia.

Sandrine Andrieu

Sandrine Andrieu (M.D, PhD) is currently professor of epidemiology and public health at the Toulouse University school of Medicine. She studied epidemiology and obtained her PhD in Aging and Public Health in 2002. Since 2011, she has been running the INSERM – Toulouse University III UMR1027 Research Unit and the "Aging and Alzheimer Disease" research team. She has published more than 120 international papers and book chapters in the field of aging. She is presently involved in large intervention studies in the field of neuro-degenerative disease (PLASA Study, GuidAge Study, MAPT Study) and large cohorts of Alzheimer Disease patients (ICTUS, REAL.fr). As a member of the Toulouse Gerontopole, she currently coordinates the French Observatory of Research in AD (ONRA).

Deborah Barnes

Dr. Deborah Barnes, PhD, MPH, is an Associate Professor of Psychiatry and Epidemiology & Biostatistics at the University of California, San Francisco, and a Research PI at the San Francisco Veterans Affairs Medical Center. Her research focuses on identification of risk factors for cognitive impairment and dementia; development of tools to identify individuals with an elevated risk of dementia; and evaluation of potential strategies for dementia risk reduction. She is particularly interested in the potential protective effects of physical, mental and social activity.

Henry Brodaty

Scientia Professor of Ageing and Mental Health and Director of the Dementia Collaborative Research Centre at the University of New South Wales; and Director, Aged Care Psychiatry and Head of the Memory Disorders Clinic at Prince of Wales Hospital in Sydney. Professor Brodaty is President-Elect of the International Psychogeriatric Association and was previously chairman of Alzheimer's Disease International, and president of Alzheimer's Australia and Alzheimer's Australia (NSW). He has published extensively, is on the editorial board of several journals, has been the recipient of a number of awards and is a member of several key State and National Committees in Australia concerned with dementia and mental health in older people.

Christopher Chen

Dr Christopher Chen is a Senior Clinician-Scientist at the National Medical Research Council of Singapore, Associate Professor at the Department of Pharmacology, Faculty of Medicine, National University of Singapore, and Director of the Memory Aging and Cognition Centre, National University Healthcare System. He read for the Medical and Natural Science Tripos at Fitzwilliam College, Cambridge University, graduating in Physiology & Psychology in 1982. His clinical training was at the University of Oxford from where he graduated in 1985. In 1990, he was elected the Janssen Junior Research Fellow at Worcester College, Oxford University and was a Visiting Research Fellow at the Institute of Neurology, London.

His major research and clinical interests are the neurochemistry, molecular biology and treatment of stroke and dementia. He has published over 200 peer reviewed papers and book chapters, serves on journal editorial boards and has been a member of several trial steering committees and advisory panels.

Since returning to Singapore in 1995, Dr Chen has developed comprehensive multi-disciplinary dementia programmes and collaborative research in the Asia-Pacific region and beyond through a Trials Unit focusing on stroke and dementia with extensive international collaborations. Currently he is Chair of the International Society for Vascular Behavioural and Cognitive Disorders Executive Committee, Secretary-General of the Asian Society Against Dementia; member of the International Stroke Society Board of Directors and the Finance Committee of the World Federation of Neurology.

Howard Feldman

Howard Feldman, MD, FRCP (C) is Professor of Neurology and Executive Associate Dean, Research at the Faculty of Medicine, University of British Columbia, Vancouver, Canada. He holds academic appointments as Adjunct Professor at Yale University, Department of Neurology in New Haven, CT and at the McGill Center for Studies in Aging in Montreal, Quebec. His research focuses on advancing diagnostic and therapeutic approaches in Alzheimer's disease as well as frontotemporal dementia.

Peter Foltyn

Dr Peter Foltyn has had more than 35 years diverse experience as a general dentist and in hospital practice primarily managing a wide range of medically compromised patients. He has provided routine oral health assessments for all new head and neck cancer patients and others with complex medical conditions being treated at St Vincent's Hospital, Sydney and was appointed to the NSW Department of Health Clinical Reference Group on Chronic Disease Management to provide input on Oral Health. Dr Foltyn is on call to the St Vincent's Hospital Emergency Department where he manages patients who have suffered traumatic oral and facial injuries. In 2007 he was instrumental in the establishment of the first fully functional Dental Clinic in Australia to employ a Dental Hygienist within a Residential Aged Care Facility - the Montefiore Home at Randwick and in setting up education strategies on oral and dental health for residents, staff and family and was awarded the title of Honorary Life Governor for contributions to the home. Dr Foltyn lectures widely on Oral Health and the Elderly.

Keynote Speaker Biographies

Akira Homma

After graduation from Jikei Medical University in 1973, Dr Homma served as the lecturer, Department of Psychiatry, St. Marianna University and Department Director, Tokyo Metropolitan Institute of Gerontology. Since 2009 he has been serving as the Director, Center for Dementia Care Research in Tokyo, Japan. He is the director of Japan Society for Geriatric Psychiatry, and Dementia Research. He is also the President of Japan Society for Dementia Care. He is a member of ADI's Medical and Scientific Advisory Panel (MSAP) and was a chair of the program committee of the ADI conference in Kyoto, Japan.

Ching-Liang Hsieh

Ching-Liang Hsieh is a Professor and Director, Graduate Institute of Integrated Medicine, and Acupuncture Research Center, China Medical University, and also is a director of Center for Clinical Trials in Chinese Medicine, China Medical University Hospital, Taichung, Taiwan. He is a board director of the International Society of Oriental Medicine, and also an editorial board member of Evidence-Based Complementary and Alternative Medicine journal. He has both doctor licenses for Western and Chinese medicine, and also is a neurology specialist. He has published over one hundred papers, including basic physiology and clinical research of Acupuncture, and the effect of Traditional Chinese medicine on stroke and epilepsy from basic to clinical trial. He received a PhD in Philosophy (Medical Science), Kyushu University, Japan in 1995; and a PhD in Philosophy (Acupuncture and Moxibustion Massage), Guangzhou Chinese Medicine University, China in 2004. He has been a director, School of Chinese Medicine, Graduate Institute of Chinese Medical Science, and Acupuncture Science, China Medical University; and Deputy Superintendent, China Medical University Hospital; and Professor, Chang Gung University, and Chang Gung Memorial Hospital.

Anne Margriet Pot

Anne Margriet Pot is professor of Geropsychology at the Department of Clinical Psychology of the VU University in Amsterdam and Head of the Program on Aging of the Netherlands Institute on Mental Health and Addiction in Utrecht. She has been active in the field of Psychology and Aging for about 25 years, not only in scientific research, but also in academic education and clinical practice. Her research started with her doctoral thesis on the psychological distress of family caregivers of people with dementia and is now focused on monitoring the quality of care and developing evidence-based early interventions for people with dementia and their family caregivers. Dr. Pot has published widely in her areas of interest in scientific and professional journals and she has served as first editor of the Handbook on Geropsychology (In Dutch: Handboek ouderenpsychologie).

Marc Wortmann

Marc Wortmann is Executive Director of Alzheimer's Disease International (ADI), the federation of over 75 national Alzheimer associations around the world. Marc studied Law and Art in the city of Utrecht in the Netherlands and was an entrepreneur in retail for 15 years. During this time Marc was a member of the Parliament of the Province of Utrecht and worked closely with various charities and voluntary organisations. He became Executive Director of Alzheimer Nederland in 2000 and had overall responsibility for the organisation, public policy and external relations, branches and fundraising. From 2002 to 2005 he chaired the Dutch Fundraising Association and was Vice-President of the European Fundraising Association from 2004 to 2007. He has been a speaker at many international conferences on campaigning, raising awareness, fundraising, public policy and ethical issues. Marc joined ADI in 2006, where his main responsibilities are management, public policy and external relations, fundraising, communication and ADI's annual conference. His main achievements have been a greater visibility of dementia and ADI in global health policy, resulting in a WHO-ADI report on dementia in April 2012 and a significant increase of ADI programmes thanks to additional funding.

Scientific Programme

To aid navigation of the scientific programme, sessions have been categorised into themes. Each category has been given a colour and symbol (shown below), which will appear throughout the programme detail.

Key to Icons and Colours for Sessions		
Plenary Sessions		
Keynote lectures on the latest advances in research and care.		
Scientific Parallel Sessions		
Sessions on the latest development in dementia research.		
Care Parallel Sessions		
Sessions on the latest in best practice in care.		
Policy Parallel Sessions		
Sessions on the latest developments regarding policy and advocacy.		
Living with Dementia Parallel Sessions		
These sessions will be chaired and delivered by people with dementia.		
ADI Workshops		
Capacity building sessions aimed at Alzheimer associations.		
Mandarin Only Parallel Sessions		
These sessions will be delivered in Mandarin only.		
Satellite Symposiums		
In addition to the scientific programme, satellite symposiums will take place throughout the conference schedule.		

Simultaneous Translation

This symbol indicates where sessions will also be translated into Mandarin.

Thursday 18 April 2013

08:00 - 18:00	Registration Location: Entrance Foyer, Level 1			
09:00 - 12:30	ADI Council Meeting Location: Room 401 Entry by invitation only			
12:30 - 13:15	Welcome Meeting for People with Dementia Location: Room 103			
13:30 - 14:30	 Opening Ceremony Location: Plenary Hall			
14:30 - 14:45	 Global Dementia Charter - I Can Live Well with Dementia Sponsored by Bupa, Location: Plenary Hall			
14:45 - 16:00	 Plenary Session 1 Challenges for the Global Health System Location: Plenary Hall Session Chair: Jacob Roy Kuriakose, Ming Jang Chiu			
14:45 - 14:55	Angela Yang	Taiwan	A Personal Experience of a Carer	PL01
14:55 - 15:25	Marc Wortmann	UK	World Health Organization makes Dementia a Public Health Priority	PL02
15:25 - 15:55	Cary Adams	Switzerland	Where are we with the NCD Movement?	PL04
16:00 - 16:30	Tea, Coffee, Exhibition and Posters Location: Room 101			
16:30 - 18:00	 Plenary Session 2 Prevention and Risk Factors in Dementia Location: Plenary Hall Session Chair: Bengt Winblad			
16:30 - 17:00	Deborah Barnes	United States	Risk Factor Reduction and Dementia Prevalence	PL05
17:00 - 17:30	Henry Brodaty	Australia	Is Prevention of Alzheimer's Disease Possible?	PL06
17:30 - 18:00	Sandrine Andrieu	France	From Epidemiological Studies to Multidomain Prevention Trials	PL07
18:00 - 19:30	Welcome Reception Location: Room 101, Exhibition Hall			

Friday 19 April 2013

08:00 - 18:00	Registration Location: Entrance Foyer, Level 1			
09:00 - 10:30	 Plenary Session 3 Quality of Life for People with Dementia and Carers Location: Plenary Hall Session Chair: Li Ling Ng			
09:00 - 09:10	Chain-Chin Yen	Taiwan	A Personal Experience of a Person Living with Dementia	PL08
09:10 - 09:35	Anne Margriet Pot	Netherlands	Internet Intervention for Family Carers	PL09
09:35 - 10:00	Akira Homma	Japan	Asian Approach to Dementia Care	PL10
10:00 - 10:25	Ching-Laing Hsieh	Taiwan	Traditional Medicine and Dementia	PL11
10:30 - 11:00	Tea, Coffee, Exhibition and Posters Location: Room 101			
11:00 - 12:30	 Parallel Session 1 - Epidemiology of Dementia Location: Room 201 BC Session Chair: Emiliano Albanese, Hsiu-Chih Liu			
11:00 - 11:15	Karen Ellen Borochowitz	South Africa	Identifying Dementia in Rural South Africa	OC001
11:15 - 11:30	Yu Sun	Taiwan	Epidemiological Study of Dementia (Including Mild Cognitive Impairment) in Taiwan	OC002
11:30 - 11:45	Yueqin Huang	China	The 10/66 Study and its Influence in China	OC003
11:45 - 12:00	Veer Bahadur Singh	India	Prevalence of Mild Cognitive Impairment in Elderly Population of North India	OC004
12:00 - 12:15	Yu-Tzu Wu	United Kingdom	Time Period, Birth Cohort and Prevalence of Dementia in Mainland China, Hong Kong and Taiwan	OC005
12:15 - 12:30	Yuan-Han Yang	Taiwan	Registration of Alzheimer's Disease in Taiwan	OC006
11:00 - 12:30	 Parallel Session 2 - Living with Dementia Location: Room 102 Session Chair: Lynda Hogg, Ker-Neng Lin			
11:00 - 11:15	Hiroshi Terashima	Japan	Life and Singing with Dementia	OC007
11:15 - 11:30	Kate Swaffer	Australia	The Unique Challenges of Younger Onset Dementia	OC008
11:30 - 11:45	Nina Balácková	Czech Republic	My Life with Dementia	OC009
11:45 - 12:00	Naomi Lim	Indonesia	Enjoying Life with Dementia	OC011
12:00 - 12:15	Kate Swaffer	Australia	Dementia and the Impact of not Driving	OC012

Friday 19 April 2013

11:00 - 12:30	Parallel Session 3 - Support and Training for Informal and Professional Carers Location: Plenary Hall Session Chair: Amit Dias, Li-Chan Lin			
11:00 - 11:15	Gale Carey	Canada	U-First! A Training Program for Persons Caring for People with Alzheimer's Disease or Other Dementias	OC013
11:15 - 11:30	See Mun Kan	Singapore	A Psychosocial Care Model for Both Dementia Persons and Caregivers	OC014
11:30 - 11:45	Bel Wong	Hong Kong	Effect of Online Counselling on Caregivers of People with Dementia to Enhance their Self-Efficacy and Improve Patient's Behavioral and Psychological Symptoms of Dementia	OC015
11:45 - 12:00	Srikala Bharath	India	House Hold Burden of Dementia – A Jig-Saw Puzzle : Experience from India	OC016
12:00 - 12:15	Sanna Aavaluoma	Finland	New Training Philosophy In Finnish Dementia Care	OC017
12:15 - 12:30	Anne Koivisto	Finland	Early Psychosocial Intervention to Delay Institutionalization of Patients with Alzheimer's Disease - A Randomised Controlled Trial (ALSOVA)	OC018

11:00 - 12:30	Parallel Session 4 - Quality of Life Location: Room 201 DEF Session Chair: David Troxel, Hong-Jer Chang			
11:00 - 11:15	Han Fu	Taiwan	The Association between Cognitive Domains and Fall Risk in the Elderly	OC019
11:15 - 11:30	Faraneh Farin	Iran, Islamic Republic Of	Evaluation and Comparison of Four Different Care-Giving Approaches and their Affect on Depression, Care Burden and General Health of Dementia Care-Givers in Iran	OC020
11:30 - 11:45	Chao-Yin Li	Taiwan	Expressed Emotion in Family Caregivers of Dementia Patients in Taiwan	OC021
11:45 - 12:00	Leila Alouane	Tunisia	Weight Loss in Alzheimer's Disease Patient and the Zarit Score of their Caregiver.	OC022
12:00 - 12:15	Tarja Välimäki	Finland	Family Caregivers' Life Orientation Based on their Diaries	OC023
12:15 - 12:30	Tsung-Hsueh Lu	Taiwan	Risk of Dying from Aspiration Pneumonia in Patients who Died with Alzheimer's Disease and Related Dementia in US and Taiwan: An Analysis of Multiple-Cause Mortality Files	OC024

11:00 - 12:30	ADI Workshop - Fundraising Location: Room 201 A Session Chair: Johan Vos			
	Speaker: Marc Wortmann, UK, Johan Vos, UK World Alzheimer's Month (WAM) was officially established in 2012 after having had World Alzheimer's Day since 1994. There have been several approaches to ADI about how we could use WAM for more fund-raising efforts. In this session we will show you two examples, the Memory Tree concept as well as an app that will be developed for WAM. Both can be used by Alzheimer associations from around the world to raise money for their organisation.			

12:30 - 14:00	Lunch, Exhibition and Posters Location: Room 101			
---------------	--	--	--	--

12:30 - 13:30	Alzheimer's Research & Therapy's 'Meet the Editor' session. (See page 20 for full details) Location: Room 101 Chair: Bengt Winblad			
---------------	---	--	--	--

12:45 - 13:45	Satellite Symposium - Future Options for Treatment of Dementia with Rivastigmine Sponsored by Novartis Location: Room 201 BC Chair: Jeffrey Cummings, Ming-Jang Chiu			
12:45 - 13:00	Jeffrey Cummings	United States	Rivastigmine Patch: Development and Application	
13:00 - 13:15	José Luis Molinuevo	Spain	Finding the Optimal Dose of Rivastigmine Patch: Clinical Trials and Supportive Evidence	
13:15 - 13:30	Zhen-Xin Zhang	China	Rivastigmine for Parkinson's Disease Dementia	
13:30 - 13:45	Jeffrey Cummings, Ming-Jang Chiu / Panel		Q&A Session / Discussion	

14:00 - 15:30	Parallel Session 6 - New and Future Treatments Location: Room 201 BC Session Chair: Daisy Acosta, Ching-Kuan Liu			
14:00 - 14:15	Shugene Lynn	Taiwan	Site-Specific Amyloid-Beta Vaccine for Immunotherapy of Alzheimer's Disease	OC025
14:15 - 14:30	Andrew Kirk	Canada	Less Education Predicts Anticholinesterase Discontinuation in Rural and Remote Patients with Dementia	OC026
14:30 - 14:45	Bin Zhang	United States	Multiscale Gene Network Remodelling in Alzheimer's Disease	OC027
14:45 - 15:00	Claude M. Wischik	United Kingdom	Rationale and Trial Design Considerations for Adjunctive Phase 3 Program for Tau-Based Disease Modifying Treatment with Lmtx (Tm) in China	OC028
15:00 - 15:15	Chi-Ying Lin	Taiwan	Effectiveness of Cholinesterase Inhibitors in Alzheimer's Disease: Experience from a Routine Memory Clinic Setting in Taiwan	OC029
15:15 - 15:30	Chieh-Hsin Lin	Taiwan	Enhancement of Nmda Neurotransmission as a Potential Treatment of Mild Cognitive Impairment and Alzheimer's Disease	OC030

14:00 - 15:30	Parallel Session 7 - Dementia Prevention and Risk Factors Location: 201 DEF Session Chair: TBC			
14:00 - 14:15	Benjamin Hsu	Australia	Reproductive Hormones and Cognitive Function among Community-Dwelling Older Men: The Concord Health and Ageing in Men Project	OC031
14:15 - 14:30	Pei-Hsuan Weng	Taiwan	Meta-Analysis: Smoking as a Risk Factor for Alzheimer's Disease and Vascular Dementia	OC033
14:30 - 14:45	Brian Draper	Australia	Psychotropic Drugs, Health Services and Mild Cognitive Impairment in the Community – Findings from the Sydney Memory and Ageing Study	OC034
14:45 - 15:00	Shu Er Yang	Taiwan	Association Between Taiwanese Ethnic Groups and the Risk Of Late-Onset Alzheimer's Disease	OC035

Friday 19 April 2013

14:00 - 15:30  Parallel Session 8 - Public Health Initiatives Location: Room 102 Session Chair: Jeremy Hughes				
14:00 - 14:15	Zhaorui Liu	China	Economic Costs of Dementia in Low and Middle Income Countries	OC037
14:15 - 14:30	Raelene Hartman	Singapore	The Mental First Aid Kit: Addressing the Mental Health Needs of Older Adults in Singapore	OC038
14:30 - 14:45	Sabine Jansen	Germany	More Participation for People with Dementia	OC039
14:45 - 15:00	Yolande Yui Ting Leung	Hong Kong	The Use of Creative Volunteer Management and Reach-Out Strategies in Awareness, Prevention and Early Detection of Cognitive Impairment Project	OC040
15:00 - 15:15	Daphne Koek	Singapore	An Integrated Public Education Plan for Dementia: Raising Knowledge, Understanding and Empathy	OC041
15:15 - 15:30	Gale Carey	Canada	Developing a New System of Care through Cross- Sectoral Collaboration: A Knowledge Exchange Approach	OC042

14:00 - 15:30  Parallel Session 9 - Person Centered Care Location: Plenary Hall Session Chair: Markus Löftström, Shu-Jen Lu 				
14:00 - 14:15	Yen Theng See	Singapore	"Temasek Cares – Icommunity@North" - An Integrated Community Mental Health and Dementia Support Network in Singapore	OC043
14:15 - 14:30	Po Tsung Chen	Taiwan	The Environmental Evaluation of Care Unit for Dementia Patients in Taiwan by the Professional Environmental Assessment Protocol (Peap) of Japan	OC044
14:30 - 14:45	Po-Yen Chen	Taiwan	Satisfactions and Perceptions of Home Rehabilitation: Comparisons between Disabled Older Adults with or without Cognitive Impairments	OC045
14:45 - 15:00	Kumi Sin Yee Ng	Hong Kong	Improving Person-Centered Care for People with Dementia living in Residential Homes through Person-Centered Care Service Audits in Hong Kong	OC046
15:00 - 15:15	I Ching Lee	Taiwan	The Research of the Improvement in the Medical Care for Dementia Patients and Aged-Friendly Hospitals — Case Study: Jiann-Ren Hospital	OC047
15:15 - 15:30	Jia Yen Eng	Singapore	Home Interventions Encompassing Person-Centered Dementia Care Concepts: Two Case Reports of Persons with Alzheimer's Dementia	OC048

14:00 - 15:30  ADI Meeting - Participant Access and Enrolment in Research Studies Location: Room 201A Session Chair: Marc Wortmann Entry by Invitation Only	
	A meeting to provide feedback to ADI about the development of a tool to help people identify and enrol in clinical trials and psychosocial research interventions worldwide.

15:30 - 16:00	Tea, Coffee, Exhibition and Posters Location: Room 101
---------------	--

16:00 - 17:30  Parallel Session 11 - How Animal Models Help Human Studies / Other Dementias Location: Room 201 BC Session Chair: Jeffrey Cummings				
16:00 - 16:15	Yong Yan	China	Protective Effect of Exogenous Hydrogen Sulfide and Donepezil in Pc12 Cells Damaged by A β 25 to 35	OC049
16:15 - 16:30	Sabah Ansar	Saudi Arabia	In Vivo Effects of a Neuroprotective Compound A2 in Tau P301L Mutant Mice	OC050
16:30 - 16:45	Ming-Hsuan Ou-Yang	United States	N-Terminal Region of Myelin Basic Protein Reduces Fibrillar Amyloid Beta in an Alzheimer's Disease Mouse Model	OC051
16:45 - 17:00	Shaw-Ji Chen	Taiwan	Compare Comorbid Physical Illness in Patients with Vascular Dementias and Others in the Daycare of a General Hospital in Taiwan	OC052
17:00 - 17:15	Yong Yan	China	Signalling Pathways Involved in Exogenous Hydrogen Sulfide and Donepezil Regulation of App Alpha Metabolism	OC054

16:00 - 17:30  Parallel Session 12 - Policy and Campaigning Location: Room 102 Session Chair: Glenn Rees, Te-Jen Lai				
16:00 - 16:15	Hamish Robertson	Australia	The Global Prevalence of Alzheimer's Disease: A Spatial Analysis	OC055
16:15 - 16:30	Li-Jung Elizabeth Ku	Taiwan	Costs of Medical Care for Dementia Patients in Taiwan: A Population-Based Study	OC056
16:30 - 16:45	David Troxel	United States	A New Dementia "Bill Of Rights"	OC057
16:45 - 17:00	Gale Carey	Canada	Dementia and Comorbid Conditions: Advocating for Integrated Care	OC058
17:00 - 17:15	Chen-Shuo Hong	Taiwan	Global Disease Regime: The Case of Alzheimer's Disease Movement in Taiwan	OC060

16:00 - 17:30  Parallel Session 13 - Dementia Care and Technology Location: Room 201 DEF Session Chair: Sui-Hing Yan, Anne Margriet Pot 				
16:00 - 16:15	Hui-Wen Chien	Taiwan	ATIT (Alzheimer's Therapy Aided by Instructional Design and Technology)	OC061
16:15 - 16:30	Leopold Liss	United States	Television and Dementia, the Caveats	OC062
16:30 - 16:45	Ben Hicks	United Kingdom	Developing Guidance for Using Information and Communication Technology (ICT) to Improve the Well-Being of People with Dementia	OC063
16:45 - 17:00	Claudia Lai	Hong Kong	Comparing Lay and Professional Perspectives and Acceptance of Computerized Assessments in Cognitive Screening	OC064
17:00 - 17:15	Paraskevi Sakka	Greece	Sociable - Next Generation Cognitive Training Using Multi-Touch Surface Computers	OC065
17:15 - 17:30	Hung Ju Chien	Taiwan	Improving the Quality of Later Life of Older People with Dementia by Using Unit Care Mode	OC066

Friday 19 April 2013

16:00 - 17:30	Parallel Session 14 - Dementia Friendly Communities Location: Plenary Hall Session Chair: Nicole Batsch, Wen-Chen Ouyang			
16:00 - 16:15	Li-Yu Tang	Taiwan	Effect of the Service of Family of Wisdom for People with Dementia and their Caregiver	OC067
16:15 - 16:30	Ann Pascoe	United Kingdom	The Rocky Road to a Rural Dementia Friendly Community	OC068
16:30 - 16:45	Brian Draper	Australia	Improving Dementia Care in Acute Hospitals - Findings from the Hospital Dementia Services Project	OC069
16:45 - 17:00	Po-Tin Lam	Hong Kong	End of Life Care Received by Patients with Advanced Dementia in their Final Days of Life	OC070
17:00 - 17:15	Hsueh-Chuan Yu	Taiwan	Non-Profit Organization for Dementia Patients in Promoting Friendly Community Care - A Case Study of Zeelandia Dementia Association in Tainan City	OC071
17:15 - 17:30	Jeremy Hughes	United Kingdom	Dementia Friendly Communities that Understand how to Help	OC072

16:00 - 17:30	ADI Workshop - Managing and Establishing Branches (For ADI Members Only) Location: Room 201 A Session Chair: Marc Wortmann			
	Speakers: Harry Johns, Alzheimer's Association, USA, Sabine Jansen, Deutsche Alzheimer Gesellschaft, Germany, Martina Setiawan, Asosiasi Alzheimer Indonesia With the growth of the Alzheimer movement, more and more associations are establishing local or regional branches or chapters. Or it is the other way around, where local or regional associations create a national umbrella or federation. In any case it is good to look at the structure of an organisation. This session will show several models on how to do that and discuss the pros and cons of each of them using examples from the real world: United States, Germany and Thailand. We want to see what we can learn from them and discuss if there is a perfect model.			

17:45 - 18:45	Satellite Symposium - The Leap: Innovative Short Film that Aims to Understand Alzheimer's and Raise Awareness Sponsored by Eisai Taiwan Inc. Location: Room 201 BC Chair: TBC			
17:45 - 17:50	Mr Chun Yu Chen	Opening		
17:50 - 18:15	The Leap Team	Film Viewing		
18:15 - 18:30	The Leap Team	Film Introduction		
18:30 - 18:45	The Leap Team, Mr Li Chou Yang, Mr Chun Yu Chen	Panel Discussion		

19:00 - 23:00	Conference Dinner Location: DingXian, Taipei 101

11:30 - 13:00	ADI Workshop - ADI World Reports: Tools for Awareness and Action Location: Room 201 A Session Chair: Mike Splaine			
---------------	--	--	--	--

Speakers: Nicole Batsch, USA, Mike Splaine, USA and Maxine Thompson, Australia

ADI has produced major world reports that are great tools for raising concern and awareness with the general public and policy-makers. Using the latest report on stigma, participants in this workshop will be briefed on the key messages of the report and the audiences for those messages, and will get tips on how to continue to use the report for general public awareness and to create partnerships with government on anti-stigma efforts. Examples from members that can be repeated around the world will be included.

13:00 - 14:30	Lunch, Exhibition and Posters Location: Room 101			
---------------	---	--	--	--

13:15 - 14:15	Special Symposium - National Alzheimer and Dementia Strategies Location: Room 201 DEF Chair: Marc Wortmann			
---------------	---	--	--	--

Speakers: Representative from the Government of Taiwan, Representative from the Australian Government, Anne Margriet Pot, Netherlands and Marc Wortmann, UK

This session gives an overview of national Alzheimer and dementia strategies from various countries and touches on the success factors and how ADI can support efforts to develop a national strategy. Australia was the first country in the world where the government decided to make dementia a national health priority in 2005 and created a National Framework for Action on Dementia 2006-2010. After that, this commitment continued and even became stronger. A representative from the Australian Government will talk about their programme and a representative from the Government of Taiwan will tell us about the policies in our host country. Professor Anne Margriet Pot from Free University Amsterdam is producing a report for ADI with a comparison of national strategies and will touch on the key factors to make these successful. Finally Marc Wortmann, Executive Director of ADI, will show how ADI can support Alzheimer associations and governments that want to make a national plan or strategy.

14:30 - 16:00	Plenary Session 4 Nutrition and Oral Care in Dementia Location: Plenary Hall Session Chair: Ming-Jang Chiu			
14:00 - 14:30	Daisy Acosta	Dominican Republic	Eating Behaviours of People with Dementia	PL12
14:30 - 15:00	Peter Foltyn	Australia	Oral and Dental Care in People with Dementia	PL13
15:00 - 15:30	Emiliano Albanese	United States	Dementia and Weight Loss: An Epidemiologic Overview	PL14

16:00 - 16:30	Tea, Coffee, Exhibition and Posters Location: Room 101			
---------------	---	--	--	--

16:30 - 18:00	Plenary Session 5 A Cure for Alzheimer's Disease by 2025? (Debate) Location: Plenary Hall Session Chair: Dale Goldhawk			
16:00 - 16:30	Christopher Chen	Singapore		PL15
16:30 - 17:00	Howard Feldman	Australia		PL16
17:00 - 17:30	Audience Questions			

18:00 - 18:30	Closing Ceremony Location: Plenary Hall Session Chair: Jacob Roy Kuriakose, Ming Jang Chiu
